

The Adrian Center for the Arts is a flourishing network of artists, offering opportunities to children, students, adults, and professional artists to pursue art, a place for self-expression, and development of craft, through classes, workshops, and artist's studio spaces. People of all abilities are welcomed at the ACA. In a peaceful surrounding, the campus vibe is interconnected through a diverse collection of media separated by buildings but not by spirit.

The Adrian Center for the Arts relies on sponsorships to support our operations and help us fulfill our mission of providing art experiences to all.

Our organization would appreciate an opportunity to talk with you personally.
